Dear Mark:

What a year it has been and indeed continues to be! It is at this time of the year that we get a chance to look back over the busy summer season and recognize the strong partnership we are fortunate to have with the team at Sassabross.

Rare Indigo's goal is to ensure that each and every client is treated to the utmost care and attention when they choose our destination. We want every guest to leave Western Canada having truly experienced the trip of a lifetime in nature's playground. We want to thank you and your dedicated staff for their combined efforts and tireless energy in making all of Rare Indigo's group programming such an outstanding experience.

Specifically, I must commend the flexibility, commitment, concern, dedication, creativity, positive attitude...the list goes on for your key team players and all the staff that make it happen behind the scenes!

As you are well aware, Rare Indigo holds the bar high for our programming, and we look to partners such as you to continually rise to the occasion. We take a great deal of pride in delivering incredible programming, and we thank you again for Running with the Wolves, and being a true part of the pack!

On behalf of all the wolves at Rare Indigo,

Sandra Towers
Director of Operations

Carla Felicella
Director of Events
